## GN rack trolley 1/1 - deflector castors

**The universal GN system trolley.**

The sturdy rack trolley is suitable for transporting, storing, clearing or carrying food in a GN system - a simple mobile helper.

Thanks to the space-efficient configuration with GN containers and GN thermoplates® in combination with the transport-safe, watertight press-in lid or in a vacuum with the vaculid® lid. Also compatible with any GN trays, GN grilles and GN insert trays for multifunctional use.

Stylish appearance can be customised with coloured formica panelling on 3 sides. Also available on request with antistatic castors to avoid static electricity. For an overall mobile concept, perfect in combination with other mobile products, such as thermoport® made of plastic and stainless steel as well as transport and serving trolleys.

## TECHNICAL SPECIFICATIONS

GN rack trolley 1/1 - deflector castors

## TECHNICAL SPECIFICATIONS

|                          |                             |
|--------------------------|-----------------------------|
| Material                 | stainless steel 1.4301      |
| Dimensions               | 445 x 619 x 1641 mm         |
| Weight                   | 16 kg                       |
| Pairs of support rails   | 18                          |
| Clear opening vertically | 73 mm                       |
| Clear opening horizon-   |                             |
| tally                    | 332 mm                      |
| Max. loading capacity    | 150 kg                      |
| Slide-through protection | both sides                  |
