3 compartment s/s meal tray - polyc. lid

The optimal food tray for versatile applications.

The three-compartment food tray, ideally suited for distributing food. The different dishes can be transported separately for the customer. The latent/heat storage keeps the food warm for an extended period. Including the polypropylene lid, you get a complete set.

Perfectly usable in combination with our thermoport® 10 for easy handling. The additional insulation keeps the temperature of the food constant over a long period, in addition to the latent heat storage.
