1 compartment s/s meal tray - polyc. lid

The optimal food tray for a variety of uses.

The 1-section food tray, ideally suited for the distribution of food. Due to the latent / heat storage, the food is kept warm for a long time. Including the polypropylene lid you get a complete set.

Perfectly usable in combination with our thermoport® 10 for easy handling. The additional insulation keeps the temperature of the food, in addition to the latent heat storage, constant over a long period of time.
