Data sheet

Tray troll. 2xEN stand.,corner bump.

The EURONORM system trolley.

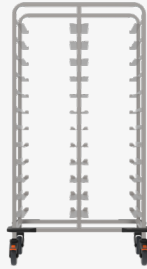

The sturdy rack trolley is suitable for transporting, storing, clearing or carrying food in a EN system - a simple mobile helper. Extra-wide support rails offer improved handling and better grip when loading the trolley.

Thanks to the space-efficient configuration with EURONORM trays.

Stylish appearance can be customised with coloured formica panelling on 3 sides. Also available on request with antistatic castors to avoid static electricity. For an overall mobile concept, perfect in combination with other mobile products, such as thermoport® made of plastic and stainless steel as well as transport and serving trolleys. A push-through lock on both sides for loading from both sides and optimum safety during transport is available on request.

TECHNICAL SPECIFICATIONS

Tray troll. 2xEN stand.,corner bump.

TECHNICAL SPECIFICATIONS

Material	stainless steel 1.4301
Dimensions	905 x 627 x 1641 mm
