Data sheet

Rack trolley - 800 x 600 - defl. castors

The baking standard trolley.

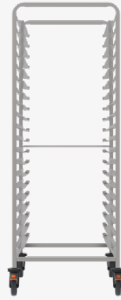

The sturdy rack trolley is suitable for transporting, storing or carrying food, for example, on grilles or insert trays - a simple mobile helper.

Thanks to the space-efficient configuration with insert trays and grilles in the baking standard format.

Also available on request with antistatic castors to avoid static electricity. For an overall mobile concept, perfect in combination with other mobile products, such as thermoport® made of plastic and stainless steel as well as transport and serving trolleys.
