Tubular dispenser 2x - unheated

The universal tubular dispenser

The tubular dispenser for the interim storage and transport of round crockery in two adjustable dispensers (diameter of 190-320 mm). Each easily adjustable by hand by means of the 3 adjusting rods for the desired plate size, as well as the spring force according to the crockery weight.

As an additional accessory either the corresponding polycarbonate lid or the double-walled, lockable stainless steel lid hood. Also extendible with complete all-round impact protection for extra robustness. Also with CNS castors on request.

TECHNICAL SPECIFICATIONS

Tubular dispenser 2x - unheated

TECHNICAL SPECIFICATIONS
