Potato-vegetable trolley s/s - 160l

The mobile washing trolley for potatoes and vegetables.

The sturdy rack trolley is perfect for washing, transporting or storing vegetables, fruit or potatoes, for example in a GN system – a simple mobile helper.

Thanks to the space-efficient configuration with GN containers and GN thermoplates® in combination with the transport-safe, watertight press-in lid or in a vacuum with the vaculid® lid.

Also available on request with antistatic castors to avoid static electricity. Available with an optional perforated metal sheet for dirt isolation.

For an overall mobile concept, perfect in combination with other mobile products, such as thermoport® made of plastic and stainless steel as well as transport and serving trolleys.

TECHNICAL SPECIFICATIONS

Potato-vegetable trolley s/s - 160l
