## vaculid<sup>®</sup> lid 1/2 red

**The spill-proof GN lid suitable for vacuum-sealing.**

The 100% spill-proof GN vaculid<sup>®</sup> made of stainless steel - for a longer food storage life, sustainable vacuuming & sous vide cooking directly in the stainless steel GN container, ideal for storing, preparing and transporting.

The stainless steel lid suitable for vacuum-sealing, for storing, transporting and cooking food, compatible with thermoplates<sup>®</sup> and GN containers with vacuum function without drop handles in GN sizes 1/2, 1/3 and 1/6 up to a max. depth of 100mm, except for GN size 1/2, which is available up to a depth of 150mm.

The spill-proof sealing lip seals the GN system for universal use - space-efficient cooling in the gastropolar<sup>®</sup> system refrigerator, temperature-resistant transport in the thermoport<sup>®</sup> and other mobile appliances, as well as for a wide variety of preparations in the navioven, thermomat<sup>®</sup>, hybrid kitchen<sup>®</sup> and combi steamers.

## TECHNICAL SPECIFICATIONS

vaculid® lid 1/2 red

## TECHNICAL SPECIFICATIONS

Dimensions	325 x 265 mm
Material	stainless steel 1.4301
Weight	0,977 kg
Ambient temperature	-40°C to +180°C
Dishwasher safe	Yes
Material thickness	1,3 mm
GN-Norm	GN 1/2
<b>Order number</b>	<b>84 01 10 45</b>

## BENEFITS

Stainless steel, absolutely food-safe, odour-free, anti-bacterial and hygienic.

Sealing lip made of silicone rubber, food-safe and temperature-resistant.

No dirt gaps, as the sealing lip is vulcanised around it.

Ensures highest sloshing safety.

Durable sealing even when dropped.

Stable, robust and dishwasher-proof.
