GN flat lid 1/4 polycarbonate

The transparent GN flat lid made of polycarbonate.

The sturdy GN flat lid - ideal for presenting, preparing and covering cold food such as salads, fruit or vegetables, with a practical handle for comfortable handling.

The transparent and food-safe GN flat lid made of polycarbonate, fully compatible with stainless steel and plastic GN containers, except for depths 20 and 40mm, available in nine different GN sizes.

The optimal presentation with the transparent flat lid enables space-efficient storage in the gastropolar® system refrigerator, transport in the thermoport® and other mobile appliances.
