Data sheet

thermoport® CNS 1000 refrigerated

The refrigerated food transport trolley.

The mobile frontloader with quiet refrigeration, precise and powerful compressor cooling (digitally controllable) is used for the safe transport of pre-chilled food in a GN system and for keeping the food cold. For the best food quality and complete transport safety.

Space-efficient configuration with GN containers and GN thermoplates® in combination with the transport-safe, watertight press-in lid or in a vacuum with the vaculid® lid.

Rieber thermoport® made of plastic and stainless steel can be stacked together and placed on the transport or serving trolleys – for slip-resistant and safe transport. In addition, the transport securing device is particularly recommended for the thermoport® stainless steel.

Retrofittable with a CHECK sensor for seamless and automatic temperature documentation during transport. Clear identification and connection to the CHECK CLOUD are possible with the QR code.

TECHNICAL SPECIFICATIONS

thermoport® CNS 1000 refrigerated

TECHNICAL SPECIFICATIONS

| | |
|--------------------------|------------------------------|
| Dimensions | 458 x 668 x 760 mm |
| Material | stainless steel 1.4301 (CNS) |
| Weight | 36,1 kg |
| Connected load | 250 W |
| Rated voltage | 1N AC 220-240 V 50/60 Hz |
| Plug type | Safety switch (Typ F) |
| Cable length | 2.000 mm |
| Capacity with GN | 38 L |
| Protection class | IPX3 |
| Hygienic design | H3 |
| Support rails | 8 |
| Distance betw. sup-ports | 36 mm |
| Impact protection | 4 corner bumpers |
| Castor | 2 fixed-; 2 swivel castors |
| Wheel diameter | 125 mm |
| Max. loading capacity | 44 kg |
| Refrigerant | R134a |

Order number **85 01 04 06**

BENEFITS

Rustproof, high-quality, hygienic stainless steel (interior and exterior).

Interior tightly welded with seamlessly deep-drawn support rails in hygienic design H3.

Double-walled insulation, low loss of cold.

Uniform cooling distribution, even when fully loaded.

Mobile with robust, fixable castors and a push handle.

Bumpers for impact protection.

Suitable for outdoor use

Splash-proof, IPX4.

Removable door seal, quick and easy cleaning.
Suitable for cleaning with a high-pressure cleaner
