## varithek<sup>®</sup> 1/1-ck-3400-2Z-round (2,5)

**The Ceran glass-ceramic cooking module.**

The table-top or slide-in module with a controllable, energy-saving Ceran glass-ceramic hob (2 round hot plates) is used for the continuous cooking of food, compatible with a GN system – for flexible preparations with the best cooking and grilling results on two separate hot plates, can be controlled separately with 2 rotary switches.

For preparations with direct contact heat, in combination with the thermoplates<sup>®</sup> GN cooking pot made of unique SWISS-PLY multi-layer material for the best food quality. The material combines aluminium in the core with conductivity (hot/cold) 10 times better than pure stainless steel, for significant energy savings in use, with the hygienic advantages of stainless steel. The watertight press-in lid and the stylish cooking and buffet lids (buffet lid for the table-top variant) offer matching lids for keeping food hot and for hygienic protection when serving.

All GN 1/1 varithek<sup>®</sup> modules are standardised and can therefore be flexibly combined and interchanged, for precise insertion in the AST/EST system modules or in the varithek<sup>®</sup> GN port.

## TECHNICAL SPECIFICATIONS

varithek® 1/1-ck-3400-2Z-round (2,5)

## TECHNICAL SPECIFICATIONS

Dimensions	325 x 620 x 81 mm
Material	stainless steel 1.4301 (CNS)
Weight	7 kg
Connected load	3.400 W
Rated voltage	1N AC 230 V 50/60 Hz
Plug type	Safety switch (type F)
Cable length	2.500 mm
Protection class	IPX4
Work surface	Ceran
Field version	2-zone

**Order number** **91 01 01 55**

## BENEFITS

Housing made of stainless steel, with a rustproof, hygienic, high-quality brushed matt finish.

Reliable Ceran glass-ceramic hob with an integrated securing frame.

Deep-drawn support rails on the sides for system modules compatibility (AST, EST and GN port).

Immediate heat transfer and uniform heat distribution.

Ergonomic recessed grip for safe and easy handling.

Compatible with GN sizes, a space gain of approx. 30% compared to round containers.

Safely stackable with 4 plastic feet on the bottom of the housing.

Ceran glass is easy to clean with a Ceran glass-ceramic scraper.

Splash-proof (IPX4).
